# MIDWEST LIVESTOCK REVIEW

## and

### RANGE AND FEEDLOT SALES

All slaughter classes of livestock sold lower at midwest markets. Slaughter steers closed mainly 25-50¢ lower, this the first general downturn in seven weeks. Slaughter heifers sold steady to 75¢ lower and cows 50¢-\$1.00 off. Feeder cattle and calves were generally steady to strong. Barrows and gilts were steady to 25¢ lower with prices steady at several points and steady to 25¢ higher at Sioux City and Sioux Falls. Sows were steady to 25¢ lower at most centers. Slaughter lambs closed steady to 50¢ lower for the week.

**SLAUGHTER CATTLE AND CALVES** - Slaughter steers suffered the first general price decline in seven weeks. The downturns were influenced by lower dressed beef prices. In a general way, slaughter steers closed steady to 75¢ lower, mostly 25-50¢ lower. Nevertheless, with the percentage of Prime steers in receipts much smaller than this time last year, high-Choice and Prime sold steady to 25¢ higher at some points. Marketings were rather liberal early in the period following small receipts the previous week due to severe weather and snow choked roads. Danger of flooding also spurred some cattle to market early in the week. After Tuesday, however, receipts were small, partly as the result of lower prices and partly because of high water and muddy roads in some sections. Slaughter classes other than steers also felt considerable downward pressure. Heifers sold steady to 75¢ lower and cows declined 50¢-\$1.00. Bulls sold unevenly steady to \$1.00 lower and vealers were \$2.00-\$3.00 lower in St. Paul and St. Louis.

While the 6.4 percent Prime steers in Chicago was larger than the previous week, it was less than half the 13.8 percent Prime a year ago. At most midwest markets, Good and low-Choice grades formed bulk of the slaughter steer and heifer supply, and a larger percentage of receipts consisted of cows.

**Slaughter steers:** Six loads Prime 1185-1405# \$31.25-31.50 at Chicago, where most Prime and mixed Choice and Prime 1100-1450# brought \$29.25-31.00 and Choice 900-1500# bulked at \$26.00-29.00, Good \$23.00-25.50. At other markets a few high-Choice and Prime brought \$27.00-28.50, Choice bulked at \$25.00-27.00, Good \$22.00-25.00.

**Slaughter heifers:** Most Choice \$24.50-26.00, high-Choice and Prime \$26.25-28.25; bulk Good \$21.50-24.50.

**Slaughter cows:** Utility and Commercial sold from \$14.50-17.50, Canner and Cutter \$12.00-15.50.

**FEEDER CATTLE AND CALVES** - Moderated weather conditions found the movement of livestock restored to more normal proportions and supplies of feeder cattle at terminal markets were appreciably larger than the previous week when

heavy snows virtually stopped marketings from some areas for a period of several days. The restoration of improved traffic conditions was accompanied by an expanded and noticeably more dependable over-all demand than the previous week when entry to many farms and feedlots in the northern part of the midwest was blocked by drifting snow. Slaughter cattle prices during the current week suffered a downturn but remained appreciably higher than a year ago and at levels which proved encouraging to many feeder buyers. At the same time with a new grazing season in the near offing, there was the normal good early spring demand for thin fleshed cattle to put on grass. Thus, trading was fairly active at steady to strong prices. At Kansas City steers 750# down sold steady to 50¢ higher while over 750# ruled steady to 25¢ lower in sympathy with a decline in slaughter cattle prices. However, feeder buyers around the market circuit showed considerable interest in fleshy steers and these interests purchased a larger percent of the two-way kind than in most recent past weeks.

**Feeder steers:** Good and Choice 800-1050# brought \$22.00-25.00. At Kansas City some Choice and Fancy, partly fattened 800-950# \$25.00-26.00 and at Chicago Fancy 875# \$26.50. Scattered shipments Choice and mixed Choice and Fancy 550-650# \$27.25-28.50; bulk Good and Choice 550-750# \$23.00-27.00; Medium and mixed Medium and Good 550-750# \$18.50-24.00.

**Feeder heifers:** Few Choice 532-543# \$25.75-26.75; bulk Good and Choice 525-700# \$21.50-25.25.

**Feeder calves:** Choice and mixed Choice and Fancy 350-550# steers ranged \$27.00-32.00; Good and mixed Good and Choice \$24.00-29.00. Good and Choice 350-500# heifers \$22.00-27.75, three loads Choice and Fancy 362-466# heifers \$27.30-30.20.

**HOGS** - Terminal markets - Marketings of hogs were accelerated by the first evidence of spring throughout the major marketing area. In the northern cornbelt area there was a pronounced movement of barrows and gilts above 250#. Prices on barrows and gilts were mostly steady to 25¢ lower, the downturn was largely on weights above 250#. At Sioux City and Sioux Falls road conditions were improved and despite above normal receipts prices were steady to 25¢ higher. Sows were steady to 25¢ lower, except steady to 25¢ higher at Indianapolis and steady to 75¢ higher at Sioux Falls. This class comprised about 8 percent of the eight market supply compared with 7 percent the previous week. The twelve market receipts were 10 percent larger than the previous week's storm curtailed run, and 13 percent greater than a year ago.

**Barrows and gilts:** No. 1-2, 190-240# \$16.50-17.00, No. 1-3, 190-250# \$16.00-16.75,

large volume \$16.25-16.50.

Sows: U. S. 1-3, 270-400# \$14.25-15.00, No. 2-3, 400-550# \$13.50-14.50.

Feeder pigs were 50¢ lower at St. Paul with a mild increase in volume influencing the downturn, Choice 120-150# sold at \$14.50-15.00. At Sioux City prices were steady, Good and Choice 140-165# brought \$14.50-15.00.

Hogs - Receipts in the Interior Iowa-Southern Minnesota area totaled 343,000 head for the week, compared with 348,000 last week and 315,000 the corresponding week last year. On closing session barrows, gilts and sows were steady to 10¢ lower than the previous Friday.

Barrows and gilts: U. S. 1-3, 200-240# sold at \$15.25-16.00, No. 1 and 2, 200-230# \$15.75-16.25.

Sows: Most U. S. 1-3, 270-400# \$13.75-15.00; No. 2 and 3, 400-550# mostly \$12.25-13.75.

Hogs - Interior Illinois - Receipts totaled 111,900 compared with 115,000 the previous week and 96,400 a year earlier. Sows: U. S. 1-3, 250-400# \$13.00-14.75, No. 2-3, 400-500# \$12.00-13.25.

**SHEEP AND LAMBS** - Receipts at the 12 terminals totaled 97,000 head, 25 percent more than the limited volume a week earlier but 14 percent below last year. Seasonal improvement in weather and road conditions were partially responsible for the increased movement. Expanded receipts coupled with lower carlot dressed lamb prices influenced steady to 50¢ lower trends on slaughter lambs at most centers. Early shipments of spring slaughter lambs increased particularly at Kansas City and Fort Worth. Slaughter ewes were steady to strong. Limited receipts of feeder lambs were largely steady to 25¢ lower.

Old crop slaughter lambs: Bulk Choice and mixed Choice and Prime 85-117# woolled closed at \$17.00-18.25, but \$17.00-17.75 at several centers. Good and Choice 78-115# \$16.00-17.25. Sheep and lamb receipts in the Interior Iowa-Southern Minnesota area numbered 18,100 head, 15 percent below a week ago but 9 percent

more than last year. Woolled slaughter lambs closed 50¢ lower for the period, shorn lambs weak to 50¢ lower; slaughter ewes strong. Woolled offerings accounted for around 80 percent of the lamb supply.

Slaughter lambs: Choice including a few Prime 90-110# woolled delivered to packing plants \$16.50-17.50, mainly \$17.00-17.50; Choice 110-120# along with Good and low-Choice 85-110# \$16.00-17.00. ## WHOLESALE MEAT TRADE REVIEWS

### LESS THAN CARLOT MEAT TRADE REVIEW

**EASTERN SEABOARD** - Good and Choice steer beef sold steady to \$1.00 lower, mostly 50¢-\$1.00 off, however, a very small tonnage Prime at New York sold strong to 50¢ higher; cow beef steady to \$1.00 lower; veal weak to \$4.00 lower, the majority \$1.00-3.00 lower. Calf was fully \$1.00 lower at New York. Lamb sold steady to \$1.00 lower, the downturn at New York and Washington; pork loins mostly \$1.00 lower, with large volume at New York \$2.50 lower late; fresh skinned hams \$1.00-2.00 higher; spareribs steady to \$1.00 higher; Boston butts mostly steady, except Baltimore \$1.00 lower.

Prices held steady for kosher dressed steer forequarters. Quotations for lamb were unchanged while the trend for kosher veal and calf was \$1.00-3.00 lower.

The trade for all fresh meats was generally dull this week at Eastern Seaboard markets. Normal supplies of all classes were generally in excess of prevailing outlet. Veal and calf failed to clear in New York for second consecutive week and some beef went unsold at Baltimore and clearance was incomplete for all classes at Washington. Beef demand was very spotty and rather narrow. Veal and calf met rather poor demand and suffered price downturns for the second straight week. Pork loins were slow, but other pork cuts moved well, particularly fresh hams.

**CHICAGO** - Steer and heifer beef sold mostly 50¢-\$1.00 lower, veal \$1.00-2.00 lower, lamb steady, pork loins 8-16# \$1.00-2.50 lower, 8-12# at full decline, Boston butts 4-8# \$1.00 lower, spareribs 3# down \$1.00 higher.

Only a small portion of the normal beef supply graded Prime with the bulk grading Good to average-Choice. Veal supply was moderate, Good and Choice over 90# most plentiful. Lamb and fresh pork offerings also normal, most lamb in the 55-65# weight range.

Outside of loins which cleared fairly well, beef trade was slow. Most cuts followed a lower trend, ribs off the most and fairly large volume unsold late. Declines engulfed Prime grade cuts despite the fact that such offerings were relatively scarce. Veal trade was slow and this was the second straight week of substantial declines. Carcass lamb was generally in moderate demand. Hindsaddles outsold fore end cuts

on early sessions, however in the later trade all primal cuts found equal outlet in a moderately active trade. Demand was narrow for fresh pork cuts, loins declined on each session and quotations were at the lowest point since early June 1961.

**PACIFIC COAST** - Trading on steer and heifer carcasses was rather slow in all areas with prices steady to 50¢ lower, instances \$1.00 off in San Francisco. Cow beef was slow in California, weak to \$1.00 lower but held steady to weak in the Portland-Seattle area. Bull beef was mostly steady under narrow demand. Calf and veal was slow but prices were unchanged. Lamb sold in generally slow trade, about steady in California but was 50¢-\$1.00 lower in Portland and Seattle. Spring lamb was steady to mostly \$1.00 lower in San Francisco and Los Angeles. Fresh pork loins sold \$1.00-3.50 lower, most decline in Southern California; other fresh pork cuts were steady to \$2.00 lower except skinned hams and spare-ribs firm to \$2.00 higher. Smoked hams and sliced bacon were steady to \$2.00 higher, other cured items were steady to \$1.00 lower.

### CARLOT MEAT TRADE REVIEW

**CHICAGO, DENVER, OMAHA, NEW YORK AND PHILADELPHIA** - Prices were generally lower for near normal supplies of beef. Trading was only moderately active at best under rather poor demand. Steer beef sold 25¢-\$2.00 lower, mainly 50¢-\$1.50 lower. Heifer beef was 25¢-\$1.50 lower, mostly 75¢-\$1.00 off. Cow beef declined \$1.00-2.50, with a bulk of the sales \$1.00-2.00 off. Clearance was complete on all classes of beef.

Lamb trading was slow. Demand was rather poor despite below normal offerings. Prices were 50¢-\$1.75 lower, largely 50¢-\$1.00 off. Clearance was incomplete.

Pork supplies were above normal. Pork loins sold steady to \$3.25 lower, with the most decline on 8-12# loins. Pork butts closed 75¢-\$1.25 lower while fresh hams sold steady to \$1.00 higher. Pork carcasses were steady at New York and strong to 75¢ higher at Philadelphia. Clearance was generally complete.

## BOSTON WOOL MARKET REVIEW

Wool buying in the domestic primary areas continued at a moderate pace as prices paid to growers held firm with a good volume moved in the territory States. With only limited supplies of greasy domestic worsted wools in the Boston market, trade was dull. Turnover of woolen wools and noils was slow. There were occasional sales of early shorn wools in the fleece States, and a modest volume of wools sold in Texas. Demand was good in the territory States.

Quotations from Australia were steady to  $2\frac{1}{2}$  percent higher with the Continent and Japan dominating. There were only light offerings of mostly short wools in South Africa with France and the United States the principal operators. New Zealand prices advanced  $1\frac{1}{2}$  cents with animated competition. Trading was limited in South America. Prices were strong in Montevideo.

Fleece Wools - Graded 50/54s staple wools sold for later delivery at \$1.05, clean basis on a core test, while medium grade fleeces, including good length baby combing brought \$1.05 on a core. Buyers were paying around 47¢-48¢, grease basis to the growers for medium wools, with instances up to 50¢ for choice light shrinking wools.

Territory Wools - Montana sales included the Ronan Pool, 13,000 mostly quarter-blood fleeces at 55.27¢, Stevensville Pool, 14,000 bulk 3/8s and 1/4 at 53.70¢, Beaverhead Pool, 14,000 fine and 1/2 at 51¢, and 1,300 nine-months at 45¢; Hi-Line Pool, 16,500 fine and 1/2 at 47.68¢ up to five cents discount for short and defective. All following bulk fine and half-blood fleeces, Harlowton area 5,800 early shorn 45¢-46¢, Choteau 1,500 some short 40.75¢, Simms, 1,000 some short 41¢, Cutbank 8,000 early shorn 45¢, Sweetgrass Hills 500 early shorn 44¢, 1,500 late shorn at 43¢. Pendroy 800 early shorn and short 40.75¢. Livingston 1,200 at 44¢. Virginia City 3,000 at 48¢. White Sulphur Springs 1,000 early shorn 44¢ and 3,700 fleeces of early shorn at \$1.18, clean basis, delivered Boston.

Wyoming sales included the Greybull Pool of 10,000 fleeces, bulk fine 49.6¢. Big Horn Basin around 10,900 fleeces mixed fine and half from 42¢-47.16¢ also 8,000 of bulk fine at \$1.12, clean basis, delivered.

At Belle Fourche, South Dakota, about 500,000 pounds, bulk 62s some fine brought \$1.123, while approximately 100,000 pounds of 3/8s and 1/4 blood sold at \$1.083, clean basis, all on a core test, delivered Boston.

A good volume of California wools sold from 37.25¢-49.75¢, but mostly 41.25¢-45¢ grease basis and were estimated from \$1.15-1.22, clean, delivered.

Oregon - Medium grade 12 months, Valley wools brought 50¢, while lambs moved at 47¢, grease basis, delivered Portland.

Texas Wools - At Sanderson, about 200,000 pounds of 12 months wool sold around \$1.25 and 100,000 pounds of 8 months was estimated around \$1.05-1.06, clean basis, delivered.
